Re-grade Team

Re-grading a team occurs during a current season and allows a team to be up-/down-graded to a different division once matches have been played. Where required, the migration of squad lists, match data and ladder points is facilitated.

Typically this occurs in competitions that allow re-grading to occur if a team is winning or losing a large percentage of their matches.

Re-Grade Team ❓

Warning: If votes have been entered for players in these teams, regrading will not work. Please remove votes before proceeding.

Re-grade report

	☐ Replace future byes in the destination grade with migrated team (if byes exist)	
	◯ Replace an existing team	
	Select team to replace… ▾	
Team Name in destination grade	Comets 1	
Options	☑ Copy played matches and ladder points into destination grade	
	☐ Move player matches and statistics from source to destination grade	
	☑ Replace migrated team with BYE in the source grade	

Submit

1. Start by selecting the **Source Grade, Team to Regrade** and **Destination Grade**.
2. Complete the re-grade team options as per the table below.
3. Click **Submit** and **OK** to save your changes.

> ⓘ It is crucial to review target team & associated grade thoroughly before clicking **Submit** as it is more complicated to reverse the action & requires manual manipulation

4. It is recommended that you review the newly re-graded team, including:

- Checking the fixtures of both source & destination grade.
- Checking the ladder display of both source & destination grade.
- Checking the Team settings in Grade manager page.
- Rerunning the draw creator wizard.

Regrade options	Descriptions
Create as a new team in destination grade	- Adds the team to the destination grade. - Should be used if no bye or no team available for swapping grades in the upcoming matches. - Need to restart draw creator wizard to reflect the team change in fixture. - Seeding for teams will be auto adjusted in both destination & source grade.
Replace future byes (if any) in destination grade with migrated team	- Slots migrated team in upcoming bye matches in destination grade. - May not need to re-run draw creator. - Perfect if a bye is available for the upcoming matches. - Seeding for teams will be auto adjusted in source grade.
Replace an existing team in destination grade	- This will remove a specified team from any future matches in the fixture of the Destination Grade and replace it with the Migrated Team. - May not need to re-run draw creator. - Perfect in case moving out team is available for the upcoming matches. - Seeding for teams will be auto adjusted in source grade.

Copy played matches & ladder points into destination grade	- A copy of matches played by the migrated team will be created in the fixture of the Destination Grade (shown in red in Season Fixture). These are used for ladder calculations. - This helps to recalculate ladder points for destination grade including match played by migrated team. - There might be a missing or surplus of matches played in case the timing of two grades involved is different ie. team may play more or less matches than those in destination grade. - This will at the same time hide the team from source grade's ladder display. - Seeding for teams will be auto adjusted in both destination & source grade.
Replace migrated team with Bye in the source grade	The fixture in the source grade will be updated with the Migrated team being replaced with a BYE in future matches. Any matches that would result in 'BYE v BYE' will be deleted.
