

# Registration Types - National

A Registration Type is a means of categorising registrations into a specific group and defining the fee that must be paid to the National Governing Body when a person is registered.

Child organisations (State Bodies / MOs) are able to create derived Registration Types that inherit the age restrictions of their parent Registration Type (Created by the National Governing Body) and automatically pass on the appropriate fee to the National Governing Body.

To create a new Registration Type, click on the **Add Registration Type** link:

Default Role:

Reg Business Rules:

☐ **Discounting Secondary:**

Participants registered multiple times to this type will only pay once per period

☐ **Discounting Conversion (All):**

Previous registrations against other types for this org will offset the cost of this registration

☐ **Discounting Conversion (Group):**

Previous registrations against other types (in this group only) for this org will offset the cost of this registration

☐ **Allow Duplicates:**

Multiple registrations for this type for a participant in this period from the same org are allowed (usually set for program registrations)

### Age Range

Age Range: From:  To:

**Note:** From and To age can be changed to be within the fee structure bands below if you wish to restrict registration to a subset of ages.

Registration Hierarchy:

### Fee Structure

Registration Period:

FROM AGE	TO AGE	FEE	TAX RATE
----------	--------	-----	----------

No records to display.

Save

To save the Registration Type, fill in the form and click the **Save** button.

The following table describes each of the fields on **Registration Type Edit** screen

Field	Field Description
<b>Registration Type Group</b>	There are four options from the dropdown list: <b>Players</b> - Suitable for competitive types. <b>Non Players</b> - Suitable for non competitive registration types e.g. volunteers, parents. <b>Programs</b> - Suitable for one off registration e.g. social comp, events. <b>Other</b> - Any other registration types that do not fall into the above three categories.
<b>Name</b>	The name of the Registration Type.
<b>Description</b>	A specific description of the Registration Type.
<b>Age Range</b>	Validation criteria. Setting the minimum and maximum age that is eligible for this registration type.
<b>Active</b>	Determines whether or not the Registration Type is active. (Types that are no longer in use should be made inactive)
<b>Default Fee</b>	The fee that is payable to the current organisation for every person that is registered with this Registration Type (or a Registration Type that inherits from this Registration Type)
<b>Financial Type</b>	Financial / Non-Financial
