Highlighted Features

- (1) Swipe between the home and away team to select the team for each.
- (2) Search bar to search for the player you are looking to select.
- (3) The team list will automatically appear based on the club list that exists on RugbyLink.
- (4) Will direct to the scoring page.
- (5) Shows the players already selected for the team.
- (6) Brings up player setting options select as captain, remove player, edit shirt number.
- (7) Allows for changing the order / position of a player.

Note

Tapping on a players name displays their profile image (if set in RugbyLink) along with their full name.
