Postcode	2127
State	NSW 
Country	AUSTRALIA
Number of courts at this venue (LOCKED)	1 (Please enter a separate venue for each court)
Comments	
Active	<input checked="" type="checkbox"/>
Street Directory Map Reference	

Enter the address then click the map or drag and drop the marker pin to the exact location of the venue.

<b>Venue Name (mandatory)</b>	A unique name for the venue. This will display as the venue name throughout the site.
<b>Venue Address (Street, Suburb/City, Postcode, State, Country)</b>	Full address of the venue.
<b>Number of Fields at this venue</b>	Enter the number of fields/ovals/pitches etc. available at this venue.  If a figure greater than one is entered, it means that more than one match can be played at the venue before a venue clash is registered. In many cases, the specific field is chosen by the host club on the day for each match.
<b>Comments</b>	

<b>Active</b>	Indicate whether the venue is active or not.
<b>Street Directory Map Reference</b>	<p>Enter an appropriate reference from a local street directory. This is for display only and is free text - eg <i>Melways 2M C10</i> .</p> <p>Map Reference is displayed on team selection emails along with other venue details.</p>
<b>Latitude &amp; Longitude</b>	<p>Enable an interactive map to be displayed on the public venue page (accessed via a link on the fixture/draw, or via the Grounds list page).</p> <p>These will be <b>automatically filled if the above address details are all correct</b></p> <p><b>Could be manually entered with the following terms:</b></p> <ul style="list-style-type: none"> <li>• <b>Latitude</b> - entered as a decimal number from -90 to 90 (negative numbers refer to 'South', positive to 'North').</li> <li>• <b>Longitude</b> - entered as a decimal number from -180 to 180 (negative numbers refer to 'West', positive to 'East'). For example, the Melbourne CBD is located at lat:-37.816, long:144.963</li> <li>• <b>Australian AMG references</b> (obtained from most street directories) can be converted to latitude and longitude <a href="#">here</a>.</li> <li>• Latitude and longitude values can be determined by entering a link from <a href="#">Google Maps</a>. For most accurate results zoom in as close as possible to the venue before pasting the link.</li> </ul>
