- If match times are used then the clash will consider the match start time and length before flagging them as clash

Allocation Double Up Report

This report identifies those referees that have more than one match allocation for a given weekend of matches. It is useful to balance the assignment between those who are assigned too many or too few games.

The "Week Of" drop down selector determines the *week of* matches form the previous Wednesday to the following Tuesday.

NOTES:

Availability Status	Available, Unavailable and Conditional (i.e. may be available depending on certain factors)
Comments	Be entered by admin users/officials to further clarify the availability status
Availability	Be specified separately for each day on which a match is scheduled - for example if a match is played over 2 days, a player/umpire can indicate a different availability for each date. The availability information is available throughout a given season - which means that a player/umpire can fill in availability for any future match in the current season at any time, or even the entire season at once.
